Supt. Of Schools In Letcher County Makes Statement

It is generally known throughout the county that the regular monthly meeting of the Letcher County Board of Education is the first Thursday of each month at 1:00 p. m. (CST). All members are obligated to attend for the purpose of transacting business pertinent to the successful operation of the schools of our county. The board controls and manages all school funds to promote public education in such ways it deems necessary and proper. It should be the policy of each board member to do all in his power to provide services for the welfare of every boy and girl in Letcher County.

At the last meeting of the Letcher County Board of Education, Thursday, February 4, 1954, we only had two members present. The Chairman, Ray Collins and Vice Chairman, Kerney Day. These were not enough to transact business legally. The employees of the school board and their creditors will not be paid on time this month as they have been in the past due to the above fact. We only have four members at present since Dr. Adams has been dismissed. The other members did not honor us with their presence. So in order to do business we must have at least three members present for the meeting.

School board members are servants of the school county and should be regarded their as a public trust. They are to give freely of their time and energy for the schools and community, and should not expect any favors beyond public appreciation of services unselfishly performed.

It is with deep regret that we cannot pay our employees and creditors until the board members feel of such disposition as to attend, and allow claims due.

The Chairman Ray Collins is calling a special meeting for Monday, February 15, 1954, for the purpose of paying the teachers and other employees.

Yours for better schools, —DAVE L. CRAFT, Superintendent, Letcher County Schools

NEON-FLEMING LIONS CLUB

Neon, Kentucky

Feb. 9, 1954.

To: Interested People of Letcher County, Ky.:

You received a letter from the secretary of this club notifying you of the attempt to arouse Letcher County to meet the crisis. We need to employ this county's resources in man-power to the best of all. You know what the state and national government are trying to do to help us?

But we have done all that is possible for us to do to help ourselves? We are proud of the historical independence and freedom of spirit of the mountaineer. Are we letting history and our ancestors down by sitting idly by for the government to help us?

Come to the called meeting of those interested on Monday, Feb. 15, at 7:30 P. M. We will meet in the assembly room of the Neon-Fleming Consolidated Grade School.

Sincerely,

—SAM QUILLEN.

Lincoln's philosophy built well for the future and stands us in good stead today—if we but heed him. Listen to his words:

"Prosperity is the fruit of labor; property is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring this his own shall be safe from violence when built."

Lincoln's concept of government rings clear as we recall his memorable pronouncements:

The wise man doesn't wait 'til the rain falls before he gets himself an umbrella. Same sound sense applies to financial "rainy days". The money you meant to save—but didn't—won't do you a bit of good. Only money that will count is what you DID save...regularly, systematically, every pay day. Let your ever-growing savings account be your "umbrella"...and you can take life's "rainy days" in your stride.

CHURCH OF YOUR CHOICE

by K. G. Fraley

To him therefore that knoweth to do good and doeth it not, to him it is sin. We are speaking today on prayer and do trust many will hear and believe because it is impossible to please God without faith and prayer to Him as we know men ought always to pray. And has been said prayer is want to be made. Prayer is asking God for his will to be done, therefore God asks us to ask and it shall be done, if we ask in faith, therefore faith is put in action, by our asking we shall obtain. For whatsoever is begotten of God overcometh the world, if we are not the overcomer we are not of God, for God through Jesus Christ overcame the world, but even as we have been approved of God to be intrusted with the gospel, so we speak, not as pleasing men, but God who proveth our hearts and is witness that Jesus is the Christ. If anyone follow him in service you do his will, then it is His will that we pray always at least most of the time, if we are in the spirit as He is in the spirit we have that fellowship with Christ. If we ask anything in his name and it's His will He will do it. Then man we ask for prayer. For the progress of Faith shall save him that is sick, and the Lord shall raise him up, and if He have committed sins, if shall be forgiven Him.

We also know if we confess our sins He will forgive our sins and cleanse us from all unrighteousness. The prayer of a righteous man availeth much. We have many that are sick in our community that we need to pray for, and how can we pray for them when we need prayer ourselves. Before prayer can be answered we must be clean ourselves and without sin. That's why our prayers are not answered these days. Sin is in the camp. He says for us to lift up holy hands and without doubt. So you know we have to be Holy, to ask for healing if we are holy we are of God, if we are not holy we are not of God, for He says, "ye Holier even as I am Holy," and holiness without no man can see God.

Christ wouldn't ask us to be Holy if it wasn't possible. It is our fault if we are not Holy. Surely no one would say His Blood isn't sufficient to cleanse us and make us holy, for all things are possible with God, and He wants us to have the best. So it is His will to give us of his kingdom, and all the gifts that we desire, and why I think we don't have healing, because we don't have faith and we have sins unconfessed, why I say this is because we don't pray enough, our prayers are divided, as we don't use our prayers and our faith as we should, because we are asked to come together and pray for one another, and this is not being done, why I think so is because I have never been asked to come together for prayer, the prayer for faith, to contend for us to want and God answers our petitions when it is not His will as I have already said it is His will to give us of his kingdom. He is pleased to have us call upon Him, we seemingly ask amiss, so he answers likewise just as we expect.

Can we truly pray these days as we should. God does not have any objections, for again He has said "if two of us shall agree on earth as touching anything that we ask it shall be done. I bring no reproof on any one by saying what I have to say, the truth will bear me out. Why so I say we need to pray because I need you to pray for me, then is it right that I ask for help in prayer together that we may have even better things of God. Now I think this is right that we confess our needs, and that we pray for one another, that we may be a workman that needeth not be ashamed. For us all God has meant prayer to bring things to pass for the asking we can see many people saved and our sick healed. Don't forget to pray.

Sunday School Lesson

LESSON VERSES: John 7:37-44, 8:12-19.

PRINTED SCRIPTURE: John 7:37-44, 8:12-19.

In the Fall of the year the Jews still celebrate the Feast Of The Tabernacles. It commemorates the days when the children of Israel were living in tents, having no permanent homes. It was in this season that Jesus spoke the discourses that are the foundation of the lesson today.

A part of this celebration of the Feast of the Tabernacles consists of a commemoration of the days when God provided water for the children of Israel in the wilderness. It was water to satisfy a physical need and Jesus is here using that craving for water to illustrate the deep yearning of the human spirit for spiritual satisfaction.

Jesus alone can satisfy that kind of need, he alone is the answer to the longings of the human heart. Of course this kind of doctrine caused great divisions among the people who were present. Some recognized Him as the Christ, others insisted that nothing good could come out of Galilee. The chief priests and Pharisees sent soldiers to arrest Him but they were so overcome by his words that they refused to make the arrest.

In the passage of Scripture taken from chapter eight we see the same teaching that Jesus has been presenting throughout the Gospel but his time illustrated by the figure of light. Jesus is the Light of the World. We can understand the world only as we understand Him. We can see our relationship to God only as we understand our relationship to Him. He is the complete revelation of God and without him mankind is doomed to be always lost, fighting its way through darkness and hopelessness. With Jesus things become clear, and with the light that can come only through Him men become men and his promises become a bright reality.

The FIFTH Scout Law Is:

**"A Scout Is
Courteous"**

Courtesy is more than law! It is an asset to any person, institution, or business firm. One courteous gesture brings friends fortune to Sir Walter Raleigh. Gentlemen and ladies are known by their manners, thoughtfulness, consideration and conduct. "Actions Speak Louder Than Words." With this thought in mind, we heartily endorse the aims and the work of the Scouts. They, truly, are the Foundation of "Americanism".

The SEVENTH Scout Law Is:

**"A Scout Is
Obedient"**

OBEEDIENCE is one of the greatest characteristics of Scout work. It teaches boys to obey their parents, their instructors at school, and the laws of our country. It teaches them respect for religion and older, more experienced persons. And it brings out the best in the boy.

This Company heartily endorses the work of the Boy Scouts and subscribes to their aims and their efforts. We are proud that their record has been so splendid.

The FOURTH Scout Law Is:

**"A Scout Is
Friendly"**

One of the greatest characteristics of Scouts is their friendliness. You can tell it is genuine and it's one of the reasons all of us have such a high regard for their aims.

The Fourth Law of the Scouts is one of the basic laws of our business. Our desire to be helpful in every way possible, whether you are a customer or not, has won for us a host of friends.

Whitesburg Farm Service

Whitesburg, Ky.

There are now 3,300,000 active Cub Scouts, Boy Scouts, Explorers and leaders throughout our country.

Each February since 1910, when we were organized, the records reveal an uninterrupted increase in membership growth and communities served by the Scouting program.

There is a reason for this fact. So many of today's fathers who were Scouts encourage their sons to join the Movement for the fun it offers and the training they receive in citizenship and character development.

They know by their own experience that a Scout leader is the kind of a man they want to guide their sons.

BOY SCOUTS OF AMERICA

The TENTH Scout Law Is:

**"A Scout Is
Brave"**

To be brave, to have full control of your faculties under all circumstances and have the courage to do the right thing at the right time. Scouts are trained to have these qualities and therefore, dependable at all times.

We are pleased to place our endorsement on the work of the Boy Scouts in this section. Their organization is the American Way of youth's contribution to the nation through voluntary service. Its character-building ideals, practical and workable, have our unqualified support.

Main St. Service Station

Otis Mohn
Whitesburg, Ky.

The ELEVENTH Scout Law Is:

**"A Scout Is
Clean"**

"Cleanliness is next to Godliness!" The sense of this proverb has been incorporated into the laws of the Scouts. In order to command respect of other Scouts, officials and the public, a Scout must keep himself neat and clean.

Those of us who are not Scouts may pattern our conduct after the precept of Scout law. Especially is this true in respect to our personal appearance.

Messenger Florist

Whitesburg, Ky.

The TWELFTH Scout Law Is:

**"A Scout Is
Reverent"**

To be reverent, one must respect, honor or have a sense of preference for a person, an institution, religion, theory or government. Scouts are taught to have a profound reverence for their parents' religious doctrines and their government.

In our relationship with the public we must maintain the deepest respect for the wishes of those whom we serve. To us, the Twelfth Scout Law is a tenet that must be maintained at all times in our business policy.

The Farm and Home Convention held at the University of Kentucky last week was one of the best I attended.

It would take four days to tell of the entire convention, but here are a few notes from one of the very interesting speakers, Miss Celeste Carley.

Miss Carley said to be more appreciated in the home and by others a woman should make herself interesting, capable, and attractive.

She should dress as carefully each morning before breakfast as she would if she were going out.

Of course appropriate clothes are important too, and one should not overdress for the occasion. A neat, clean, smartly cut cotton dress worn at supper time is so much better than the rough soiled one worn in the garden during the day, and would make you and your family feel better.

Here's the schedule: The Whitesburg Junior Club meets Monday, February 15 at 7:00 p.m. with Mrs. Pauline Creech. On Tuesday, February 16, the Tom Biggs Club will meet at the school house at 3:30 (EST). The training school will be Wednesday, February 17.

Recipe of the week. It isn't often we have a recipe for a dessert, but here is one that should be very good, and it really fits the season.

Jackets Defeat

Carr Creek Indians

Combining a fast first half with a conservation second half and a good rebounding game the Whitesburg Yellowjackets scalped the Carr Creek Indians to the tune of 64-51.

The Jackets showed plenty of scrap and rebounding strength in subduing one of the region's top teams. This victory was sweet revenge since the Indians had beaten the Jackets by a margin of 12 points in the opening

three weeks ago. The decisive win labeled the local team as one of the threats of the 14th region, since Carr Creek has beaten Hindman twice and Hindman in turn defeated Combs Memorial.

After a lay off with a lame ankle Buddy Fields rebounded to tally 19 points along with a good floor game. James Crase tossed in 16 points and his rebounding strength under the boards was great. Others scorers were Kincer with 11, while Holbrook and Logan each notched seven.

Leading the scoring parade for Carr Creek was Couch with 17, while teammate Amburgey hit 13.

In the preliminary game the Jacket B team defeated the Carr Creek B team 40-29 to run their season's record to 13-2.

Friday night the Yellow Jackets journey to Hazard for a return engagement with the Bulldogs for another tough assignment. We're with you boys so don't stop now.

Those attending the meeting were: Herman Brush, Hewey Smith, Freddy Adkins, Tony Day and Lovell Williams.

Smith and Williams received wings others will receive their wings at the next meeting.

Baptists To Meet In Harlan, Feb. 18

The Southeastern Regional Sunday School Convention meets February 18, 9:30 a. m. (CST), 10:30 a. m. (EST) at the Harlan Baptist Church, with Rev. Thomas R. Brown, pastor and Regional President presiding.

The program centers around the special emphasis being made by Southern Baptists to enter "A Million More in 54" for Bible Study. Rev. Ralph E. Longshore, Baptist Sunday School Board, Nashville, Tenn., will speak during the morning and night sessions. Rev. Eldred M. Taylor, Superintendent of Missions and Evangelism for Kentucky Baptists, will speak at the morning session on proven ways of building better Sunday schools.

An interesting feature of the afternoon is anticipated when "success" stories on three phases of Sunday school work will be related as follows: New Units — Rev. Clel Rodgers, Whitesburg, and Rev. Thomas R. Brown, Harlan; Visitation — Rev. Wendell H. Rone, Middlesboro; Branch Sunday Schools — Rev. Raymond Sampers, Pineville; and Dr. J. S. Bell, Hindman.

Florida had the greatest population increase during the past three years of any state in the eastern half of the U. S. and close to 40 per cent of the Sunshine State's gain was on the lower West Coast, the U. S. Department of Commerce reports. Florida added close to 500,000 new residents, the survey showed.

Whitesburg Downs

Breathitt Bobcats

The Whitesburg Yellowjackets bounced back after two straight losses to defeat the Breathitt County Bobcats 57 at Jackson Friday night.

The Bobcats gained an early lead and managed to make the first quarter a close game but after the charges of Coach Pigman took full command and began to pull away the decision was made.

The 90 points scored by the Jackets represent a new high for the season. The earlier high total was 75 points scored against M. C. Napier.

Although Whitesburg was not at full strength with Buddy Fields out with an injured foot, the other members of the team performed notably to annex their 12th win against six losses.

The Jackets scoring was pretty evenly divided as Crase hit for 23, Sexton for 19, Holbrook for 18 and Kincer, 12. Breathitt's bright spot was Hays, a top notch guard who tallied 40 points against the Yellowjackets. This is also a new high for one man to score against the local quintet.

Leading the scoring parade for Carr Creek was Couch with 17, while teammate Amburgey hit 13.

In the preliminary game the Jacket B team defeated the Carr Creek B team 40-29 to run their season's record to 13-2.

SPORTS FLASHES

from
The
Sporting
News
by J. G. Taylor Spink

Much of the trouble with crowds at basketball games this winter can be blamed on the coaches, according to Doug Mills, University of Illinois Athletic director. A story in The Sporting News quotes Mills as saying:

The first and fundamental cause of bad reaction (of the crowds) is the extrovert coach. If a coach is going crazy on the bench, baiting his opponents and the officials, how can he expect the crowd to do anything but follow his example?"

However, Mills believed that, on the whole, the general trend of the game is toward better sportsmanship on the part of the coaches, players and fans.

But for those places which have trouble, the Illinois athletic director directed these remarks:

"Basketball is an intense game, one in which the fans are sitting so close to the action that they can see everything. It is a game, in contrast to football, which they understand. They will give vent to their feelings. It behoves the school and coach to see that these feelings are

properly directed."

Mills continues in The Sporting News Story: "First of all, the responsibility rests with the coach to behave properly on the bench.

"Second, crowds should be taught a program of sportsmanship."

SKYLINE

Mrs. Goldie Watts of Hallie is on the sick list this week. Also on the sick list is Mrs. Lucinda Watts, of Hallie and G. B. Ison of Skyline.
